Community Concerns Report Summary

This report was compiled by the George Washington University's Office of Government and Community Relations and the Office of Off-Campus Student Affairs. The report is intended to document off-campus student behavior incidents reported to the George Washington University Police Department (GWPD) Community Concerns Hotline. To provide context, this document references previous years' incidents and draws comparisons between various days of the week, times of the year, location of incidents reported, and the type of incidents reported.

This information is made available to the wider university community—students, faculty, staff and alumni—and to our neighbors in the Foggy Bottom community and includes information collected from the 2012-2013 and 2013-2014 academic years.

For each incident reported to GWPD (multiple reports referencing a similar incident were counted as a single incident for the purposes of this report), a separate file was created and counted for this report.

Please direct any questions or concerns to either the Office of Government and Community Relations at discover@gwu.edu or 202-994-9132 or the Office of Off-Campus Student Affairs at ocsa@gwu.edu or 202-994-6555.
