Community Concerns Report Summary

This report was compiled by the George Washington University’s Office of Government and Community Relations and the Office of the Dean of the Student Experience.

The report is intended to document incidents of off-campus student behavior reported to the George Washington University. These reports may have been submitted to the Community Concerns Hotline (Hotline), online reporting forms, phone calls to the Office of Community Relations, or emails to the Office of Community Relations. To provide context, this document references previous years’ incidents and draws comparisons between various days of the week, times of the year, location of incidents reported, and the type of incidents reported.

This information is made available to the broader university community—students, faculty, staff and alumni—and to our neighbors in the Foggy Bottom community and includes information collected from the 2016-2017 and 2017-2018 academic years.

For each incident reported to GW (multiple reports referencing the same incident were counted only once for the purposes of this report), a separate file was created and counted for this report.

Please direct any questions or concerns to either the Office of Government and Community Relations at discover@gwu.edu or 202-994-9132 or the Office of the Dean of the Student Experience at students.gwu.edu 202-994-6710.

Reports made from multiple callers regarding the same incident and/or individuals who submitted more than one report about the same incident constitute one incident. The data reflect the actual number of incidents reported to the George Washington University in the 2016-2017 and 2017-2018 academic years.
The data represent the number of on-campus and off-campus incidents reported by neighbors as well as GW students, faculty and staff.
