May 16, 2018

Temporary street & sidewalk closure affecting the 500 block of 20th Street and 2000 block of F Street on June 2, 2018

To whom it may concern,

The George Washington University is undertaking a project to remove and relocate HVAC equipment from Old Main, located at 1922 F St, and relocate this piece of equipment to FSK Hall, located at 600 20th St. The relocated equipment will replace existing equipment at FSK Hall, which will also be removed as part of the project.

The following is a detailed description of the sequence of events that are planned as a part of this project on June 2, 2018.

1. Vendor will acquire necessary permits from District of Columbia prior to the project
2. Signage will be posted prior to project
3. June 2nd at approx. 8:00 am - crane will arrive and begin set up on 500-block of 20th Street for removal of HVAC unit from roof of Old Main.
   a. Traffic control will begin street closures and monitoring pedestrians and vehicles in work area. (Only the block on 20th is closed to traffic at this time, F St. will remain open)
   b. Traffic control personnel will be on site to assist pedestrians and vehicles that need access to local businesses
   c. The equipment will be removed from the Old Main roof, placed on a truck and transported to 2000 block of F St.
4. Crane will be disassembled on 20th Street and relocated to 2000 block of F Street.
   a. Traffic control will begin street closures and monitoring pedestrians and vehicles in work area (Only F St. block will be closed, 20th will be opened)
   b. The crane will set up in the new location in the 2000 block of F St and will begin the removal of the equipment from FSK Hall and once removed, install equipment that was removed from Old Main.
5. Once all equipment is safely secured the crane will be taken down, pedestrian and vehicle traffic will be returned to normal.
6. The estimated time for this entire project is 8hrs. or less.

Note:

- The west sidewalk of 20th will remain open for the duration of the work as will the south sidewalk on F Street.
- During the work please contact Bob Oakley at 202-438-2616 with any concerns

Thank you for your cooperation and understanding,

Best,

Robert Oakley
