

Aston Renovation Update

THE GEORGE
WASHINGTON
UNIVERSITY
WASHINGTON DC

The Aston 1129 New Hampshire Avenue, NW

Dear Aston residents –

Enclosed below is an update on GW's renovation of The Aston. If you have any questions or concerns, please feel free to contact me at jralls@gwu.edu or at 202.994.3128.

October 5, 2007

New Activities:

- GW employees will be touring the building this week with contractors.
- Repair work in the garage will begin soon – activity may begin as early as next week. The impacts of this work will be noise and dust. Work hours for this component of the project will be 7am – 7pm Monday through Saturday.

Ongoing Activities:

- As activity in the building increases, we need to ensure that common areas are kept free of debris and clutter. If you have any personal belongings placed in the hallways or common areas of the building, please return them to your apartment
- One of the building's elevators is out of service. One of the two elevators will remain out of service throughout the renovation project. Work on the out of service elevator will be ongoing during the project.
