**Condition C-4: Foggy Bottom Campus Student Population**

Condition:

For the duration of this Plan, Foggy Bottom student headcount shall not exceed 20,000 students, and Foggy Bottom student full-time equivalent shall not exceed 16,553.

a. For the purposes of these Conditions,

i. **“Foggy Bottom student headcount”** shall be defined as the number of GW students in the “Foggy Bottom/Mount Vernon Campus Total Student Body”, minus: study abroad students, continuous enrollment students, students that reside at the Mount Vernon Campus, students that take all of their courses at the Mount Vernon Campus, and Foggy Bottom faculty and staff accounted for pursuant to Condition C-5 herein who are also enrolled in one or more courses at the Foggy Bottom campus. Notwithstanding the foregoing, students who reside in on-campus beds on the Foggy Bottom Campus shall each be counted toward the Foggy Bottom student headcount.

Note that students taking all of their courses at the Corcoran are not specifically deducted from this number as they are not included in the “Foggy Bottom/Mount Vernon Campus Total Student Body” by virtue of their courses not being located on the Foggy Bottom or Mount Vernon campuses.<sup>1</sup>

ii. **“Foggy Bottom student full-time equivalent”** shall be determined by assigning a fraction to part-time students included in the Foggy Bottom student headcount number based on the number of credits they are taking compared to a full-time course load and adding the number of full-time students. Currently, the full-time course load for undergraduates is 12 credits, and the full-time course load for graduate and professional students is 9 credits. Formulas for determining full-time equivalents may change over the term of the proposed Foggy Bottom Campus Plan depending on program requirements or the restructuring of the academic calendar.

b. An audit of the Foggy Bottom student headcount and Foggy Bottom student full-time equivalent reported pursuant to Condition C-15 herein shall be conducted in a manner and by a firm previously approved by the Zoning Administrator and reported to the Advisory Committee. The audit shall be completed by January 10 of the year following each report submitted pursuant to Condition C-15 herein.

c. Compliance with this condition shall be based upon the data reported for the most recent semester in either the Foggy Bottom Campus Plan Compliance Report required in Condition C-15 or in the Interim Foggy Bottom Campus Plan Compliance Report required by Condition C-16.

**GW Response:**

	Spring 2016 <sup>2</sup>	Fall 2016 <sup>3</sup>
<b>Foggy Bottom Student Headcount</b>	16,988	<b>18,077</b>
<b>Foggy Bottom Student Full-Time Equivalent (FTE)</b>	15,237	<b>16,496</b>

**Note 3 – Data as of the GW census date, October 8, 2016.**

**Condition C-5: Foggy Bottom Campus Faculty & Staff Population**

Condition:

For the duration of this Plan, the Foggy Bottom faculty and staff population shall not exceed a total of 12,529 on a headcount basis, and 10,550 on a full-time equivalent basis.

- a. For the purposes of these Conditions,
  - i. **“Foggy Bottom faculty and staff headcount”** shall include: regular full-time faculty and staff; regular part-time faculty and staff; wage account staff that are not Foggy Bottom students accounted for pursuant to Condition C-4; temporary part-time faculty (excluding part-time clinical faculty who are not paid employees of the University); affiliated faculty employed by the Medical Faculty Associates; and visiting instructional and research faculty. For the purposes of these Conditions, Foggy Bottom faculty and staff shall not include faculty and staff whose primary office locations are not on the Foggy Bottom campus; employees of non-GW owned or controlled entities which are located on the Foggy Bottom campus; and contractors that provide ancillary campus-related service functions who are not employees of the University.
  - ii. **“Foggy Bottom faculty and staff full-time equivalent”** shall be determined by assigning a fraction to part-time employees included in the Foggy Bottom faculty and staff headcount number based generally on the number of hours worked as compared to the standard full-time 40 hour work week.
- b. Compliance with this condition shall be based upon the data reported for the most recent semester in either the Foggy Bottom Campus Plan Compliance Report required in Condition C-15 or in the Interim Foggy Bottom Campus Plan Compliance Report required by Condition C-16, whichever is the most current.

**GW Response:**

	Spring 2016 <sup>1</sup>	Fall 2016 <sup>2</sup>
<b>Foggy Bottom Faculty &amp; Staff Headcount</b>	7,059	<b>6,869</b>
<b>Foggy Bottom Faculty &amp; Staff Full-Time Equivalent (FTE)</b>	5,419	<b>5,328</b>

For the methodology for calculation of Foggy Bottom campus faculty and staff populations see Attachment B.

**Notes:**

Note 1 – Data as of the GW census date, February 20, 2016.

**Note 2 – Data as of the GW census date, October 8, 2016.**

**Condition C-6 and Condition 15: On-Campus Undergraduate Student Housing**

Condition:

*For the duration of the Plan, the University shall make available on-campus beds for full-time Foggy Bottom undergraduate students equivalent to 70% of the full-time Foggy Bottom undergraduate student population up to an enrollment of 8,000, plus one bed per full-time Foggy Bottom undergraduate student over 8,000. Compliance with this condition shall be based upon the data reported for the most recent semester in either the Foggy Bottom Campus Plan Compliance Report required in Condition C-15 or in the Interim Foggy Bottom Campus Plan Compliance Report required by Condition C-16, whichever is the most current.*

- a. For the purposes of this Condition,
  - i. “full-time Foggy Bottom undergraduate students” shall be defined as follows:
    - A. *Until the fall 2010 semester or until the completion and occupancy of the next University residence hall project proposed in accordance with the Foggy Bottom or Mount Vernon Campus Plans, whichever event first occurs, the term shall mean the number of students in the “Foggy Bottom/Mount Vernon Campus Total Student Body”<sup>1</sup> minus graduate students, first professionals (JDs and MDs), undergraduates taking fewer than 12 credit hours at the Foggy Bottom campus, non-degree students, full-time undergraduate study abroad students, undergraduate continuous enrollment students, and full-time undergraduate students accounted for under the Mount Vernon Campus Plan Order (BZA Order No. 16505), which does not differentiate between resident and non-resident students.*
    - B. *Once either of the above-described events occurs, the terms shall have the same meaning as above, except only full-time undergraduate students who reside on the Mount Vernon Campus plan will be subtracted from the “Foggy Bottom/Mount Vernon Campus Total Student Body.”*
  - ii. *The term “on-campus beds” shall include beds available to full-time Foggy Bottom undergraduate students in any property in which the University has an ownership, leasehold, or contractual interest, or beds otherwise occupied by full-time Foggy Bottom undergraduate students in fraternities, sororities, or other programs recognized by or affiliated with the University and located within the campus plan boundary.*

The University’s efforts with respect to this Condition shall be monitored by the Advisory Committee.

University-Supplied Off-Campus Beds OUTSIDE the Foggy Bottom/West End Area Occupied by FT Foggy Bottom Undergraduates	0	0

For the methodology supporting undergraduate student housing numbers see Attachment C.

**Notes:**

Note 1 – Data as of the GW census date, February 20, 2016.

**Note 2 – Data as of the GW census date, October 8, 2016.**

Note 3 - Of the university supplied off-campus beds within the Foggy Bottom/West End area, only 381 of these beds were available to undergraduate students in Spring 2016 and zero (0) beds were available to undergraduate students in Fall 2016. The remaining beds were made available to GW graduate students.

Note 4 - Based on the number of full-time Foggy Bottom Undergraduate Students, GW is required to make available 5,600 beds to full-time Foggy Bottom Undergraduates in Spring 2016 and **6,348 beds in Fall 2016.**

**Evidence of Compliance with Condition C-8 (Off-Campus Housing Information Program)**

Condition:

*The University shall maintain a program to provide its students who are eligible to live off-campus with information about housing opportunities outside the Foggy Bottom/West End Area. The University's efforts with respect to this Condition shall be monitored by the Advisory Committee."*

**GW Response:**

Information regarding housing opportunities both within and outside the Foggy Bottom/West End area is provided on the Off-Campus Student Affairs website, as well as through the Center for Student Engagement office located in the Marvin Center.

Apartment listings and other off campus housing opportunities may be found at <http://www.gwoffcampus.com>. The current edition of the Guide to Living Off-Campus is also posted on this webpage.

The off-campus student affairs website can be found at: <http://www.offcampus.students.gwu.edu>

For screen prints from the Off-Campus Student Affairs website see Attachment D.

## **Evidence of Compliance with Condition C-9 (Student Conduct Programs)**

### Condition:

*The University shall use disciplinary interventions for acts of misconduct by students living off-campus in the Foggy Bottom/West End Area, even if the students are not in properties owned or controlled by the University. The University shall act on incident reports by residents, ANC 2A, community associations, building management, building association boards, University security officers, and the Metropolitan Police Department. The University shall maintain an outreach program with neighboring apartment buildings to education management companies and tenant associations on the University's disciplinary program and its reporting requirements to facilitate effective use of its programs. The University's efforts with respect to this Condition shall be monitored by the Advisory Committee.*

### **GW Response:**

**All incident reports where students are identified are acted on through the Office of Student Rights & Responsibilities. Responses ranging from warning letters and conversations to judicial charges and hearings have been implemented. The University's Code of Student Conduct treats off-campus violations with the same seriousness as on-campus violations (i.e., there is no lesser judicial charge for violations off-campus than on-campus). The Code of Student Conduct holds students to same level of accountability regarding charging and sanctioning regardless of their on or off-campus status.**

**GW representatives from the Office of Government & Community Relations regularly attend meetings of ANC 2A and community associations as requested. The University hosts "Building Managers Meetings" throughout the academic year in order to keep open the lines of communication between the University and properties where students reside.**

## Evidence of Compliance with Condition C-10 (24/7 Hotline)

### Condition:

*The University shall maintain and publicize (through appropriate written and/or electronic publications) a hotline available 24 hours per day, seven days per week to receive calls about student conduct issues and safety and security concerns. The University shall maintain a log of all calls received and all actions taken, including all referrals made. The University shall maintain its Crimes Tips Hotline (presently 994-TIPS), where calls can be made anonymously to a recorded "tip" line. Calls needing a more immediate response shall be directed to the University police (presently 994-6110) 24 hours per day, seven days per week. The University police will aid off-campus complainants in obtaining assistance from the Metropolitan Police Department. Reports of improper off-campus student conduct will also be referred to the appropriate University departments for their attention. This process shall be fully described on the University website, published catalogs, and student handbooks. The University's efforts with respect to this Condition shall be monitored by the Advisory Committee."*

### GW Response:

The 24 Hour Community Concern Hotline ([202-994-6110](tel:202-994-6110)) remains the best way for community members to bring GW-related concerns to our attention. The University is committed to being a good neighbor and working with members of the community to respond to complaints regarding student behavior both on-campus and off-campus. GW's Police Department ("GWPD") enlists the assistance of DC's Metropolitan Police ("MPD") when a police response is required outside of GWPD's jurisdictional boundaries. For both on-campus and off-campus concerns, the University will follow up with the community member regarding the complaint when contact information is provided. The GW Community Concern Policy serves as a tool to address misconduct and quality of life issues. The Policy is attached.

In 2015, GW launched a pilot program called the Community Response Program. GW has employed staff who serve as Community Responders. These staffers respond to calls made to the GW Community Concern Hotline and observe and report on the incident. The Community Responder will (1) complete and submit an incident report, (2) where appropriate, serve as a liaison between GWPD who in turn may call MPD, and (3) where appropriate, serve as a witness for GW disciplinary proceedings if adjudication is initiated by the Office of Students Rights and Responsibilities. Community Responders are activated during key weekends and times throughout the year that see an increased level of community concerns.

The Hotline is advertised and described online by visiting: <http://neighborhood.gwu.edu/community-concern-hotline>.

The University's trash policy allows off-campus trash violations to be processed as violations to the Code of Student Conduct as defined by the Office of Student Rights & Responsibilities. Potential violations reported to the university are elevated by the Office of Government & Community Relations and regular walks are conducted by the Off Campus Student Affairs Office so student-residents are notified of their responsibilities within the community.

The Office of Government & Community Relations and the Office of Off-Campus Student Affairs upholds a Repetitive Concern Policy that outlines proactive outreach to landlords who own private property near the Foggy Bottom Campus that house GW students for which the University has received repeated complaints of misconduct from members of the community. The outreach letter is attached.

202-994-TIPS, monitored directly by the GW Chief of Police, is available for anonymous tips.

GW publishes an annual Community Concern Report, which can be found online at the Office of Off-Campus Student Affairs website (<http://offcampus.students.gwu.edu/annual-reports>) as well as the GW Neighborhood website (<http://neighborhood.gwu.edu/community-concern-reports>).

For screen prints from the Off-Campus Student Affairs website see Attachment D.

Attachment E provides screen prints from the Neighborhood.gwu.edu website.

## Evidence of Compliance with Condition C-11 (Good Neighbor Program)

### Condition:

*The University will maintain a mandatory program for its students that will address “good neighbor” issues, educating students about appropriate conduct in the off-campus community. This program will especially emphasize objectionable noise both inside and outside of buildings, restricted parking in the Foggy Bottom/West End Area, illegal underage drinking, and respect for personal and real property of the residential and private business communities. The University’s efforts with respect to this Condition shall be monitored by the Advisory Committee”*

### GW Response:

Every student at GW is held accountable through the student judicial process as stated in the Code of Student Conduct, which addresses both on and off-campus behavior. Furthermore, all students who make the transition from on-campus to off-campus housing are given a copy of the GW Guide to Living Off-Campus and the Code of Student Conduct is made available to them to reinforce the applicability to off-campus behavior. The Code of Student Conduct is attached.

The university has developed and launched a “Being a Good Neighbor” online orientation that has been delivered to undergraduate students who either live on or off-campus. This required orientation addresses issues that include, but are not limited to, objectionable noise, restricted parking in the Foggy Bottom/West End Area, illegal underage drinking, and respect for personal and real property of the residential and private business communities.

Each year the Office of Off-Campus Student Affairs (OCSA) works with GW and DC partners to host an Off-Campus Student Services Fair. The GW Police Department, Office of Student Rights & Responsibilities as well as Off-Campus Partners were some of the participants during the Spring 2016 OCSA Fair. Students attended the event and were provided with different types of information pertaining to living off campus, including how to be a good neighbor.

Furthermore, each fall the Director of Community Relations and OCSA co-author a “Good Neighbor” letter to students to remind students of the importance of being a good neighbor and to raise awareness of their behavior. This letter is posted in on-campus residence halls and emails targeted to specific events such as Halloween are distributed to off-campus students. See letter included in Attachment F.

The “Quiet Zone” initiative involves placing Quiet Zone signs near campus residence halls and reminding students throughout the year that they have a responsibility to be respectable members of the Foggy Bottom/West End community. Additionally, GW officials worked with the DC Department of Transportation to have official yellow and black “Quiet Zone” signs installed on street lamps poles in areas of heavy student pedestrian traffic.

The F-Street Commission was initiated as a forum to discuss concerns that affect the larger community around F Street. Discussions frequently include proactive plans for student behavior related to celebrations such as Halloween, noise issues related to student pedestrians along F Street, and any other potential disruptive behavior that could negatively affect the community. The Commission meets twice every semester, or on a more frequent basis as determined by commission members or the chair. The Commission consists of administrators from the Office of the Dean of Student Affairs, Residential Property Management, the Division of Operations, the F Street House, GWPD, the Office of Government and Community Relations, and OCSA. Student representatives are invited from the Residence Hall Association, and Hall Councils from 1959 E Street, Mitchell, Thurston, Potomac, Building JJ, South Hall, Guthridge, and 2109 F Street.

In a proactive effort to reach out to our incoming students, GW has designed (with the help of local neighbors, students, faculty and staff) a good neighbor video to help raise the awareness of our students about the responsibilities of being a good neighbor. The video may be viewed at the following web link: <http://neighborhood.gwu.edu/wearenotalone/>

The University will update the content of these sessions and documents, regularly, to react to emerging issues related to good neighbor issues.

See Attachment F for materials evidencing GW's efforts in this area.

**Evidence of Compliance With Condition C-12 (Local Address Information)**

Condition:

*The University shall gather information about the local addresses of the full-time Foggy Bottom undergraduate population. The University shall compile and report the number of full-time Foggy Bottom undergraduate students residing in (1) Foggy Bottom/West End outside the campus boundaries; (2) the District of Columbia outside both the campus boundaries and the Foggy Bottom/West End Area, organized by postal codes; (3) Maryland; and (4) Virginia.*

**GW Response:**

	<b>Fall 2016<sup>1</sup></b>
<b>Full-Time Foggy Bottom Undergraduates residing in Foggy Bottom/West End outside the campus boundaries</b>	1,379
<b>Full-Time Foggy Bottom Undergraduates residing in the District of Columbia outside both the campus boundaries and the Foggy Bottom/West End Area</b>	307
<b>Full-Time Foggy Bottom Undergraduates residing in Maryland</b>	153
<b>Full-Time Foggy Bottom Undergraduates residing in Virginia</b>	367

For detailed data regarding local address information see Attachment G.

**Notes:**

Note 1 – Data as of November 11, 2016.

**Evidence of Compliance With Condition C-13 (Off-Street Parking Inventory)**

Condition:

*The University shall continue to provide at least 2,800 off-street parking spaces, including proposed spaces to be dedicated for university use on Square 54 and all University-owned parking spaces on Square 122 (specifically including the parking lot and garage spaces at Old Main located at 1922 F Street, NW). The number of off-street parking spaces required to be provided may be increased in any subsequent further processing order pursuant to this plan if necessary to mitigate the adverse impact of the approved uses on the University's parking resources. The University shall monitor its utilization of University parking facilities to determine usage patterns and conduct an ongoing assessment of parking needs.*

**GW Response:**

**Number of University-provided off-street parking spaces located in areas covered under this condition: 3,109**

**For detailed information regarding the number of off-campus parking spaces per garage see Attachment H.**

## Evidence of Compliance With Condition C-14 (Transportation Management Plan)

### Condition:

*The University shall maintain, and periodically update, its comprehensive Transportation Management Plan ("TMP") addressing traffic and parking associated with events on campus that are attended by a significant number of persons not normally associated with the University and the campus. The transportation management plan shall include the following:*

- a. *Measures to schedule events at times that reduce conflicts with other traffic and other demands for parking.*
- b. *Measures to discourage travel by private automobile and encourage travel by public transportation.*
- c. *Measures to encourage persons who drive to park in commercial or University parking garages.*
- d. *Designation of a Transportation Management Coordinator responsible for implementing and monitoring the TMP program.*
- e. *Promotion of various technology initiatives (currently including, e.g., the use of video conferencing, podcasts, online library resources, the Bb@GW on-line course management system based on the Blackboard Learning System™, and administrative document management system) to reduce the need for physical movement to and between the Foggy Bottom and other GW campuses.*
- f. *Evaluation of opportunities to provide access and links through appropriate website portals to allow members of the University community to purchase transit fare media, including SmarTrip fare cards and bus passes, online.*
- g. *As necessary throughout the term of the Campus Plan, when existing parking facilities are being renovated or redeveloped, utilization of attendant parking at various campus parking facilities to ensure that campus parking demands are adequately met.*
- h. *Implementation of a Truck Management Plan to avoid adverse impacts on the surrounding neighborhood.*

*These measures and their efficacy and appropriateness given changes in programs, technology, and parking demand shall be regularly reviewed, evaluated, and updated over the twenty-year term of the Campus Plan. The TMP shall be submitted to and reviewed by the Advisory Committee on an annual basis.*

### GW Response:

**The University has had a transportation management plan in place on its Foggy Bottom Campus for a number of years. A variety of measures are used to limit transportation demand and eliminate adverse traffic and parking impacts.**

**Most importantly, the Campus is located adjacent to many public transit opportunities, including Metrorail, and the University encourages the use of public transit for employees and visitors alike. Since 2007, the University has participated in pre-tax Metro SmartBenefits, and the University received Honorable Mention for its marketing of employee transportation alternatives at the Commuter Connections 2009 Employer Recognition Awards. As a commitment to sustainability GW has installed electric car charging stations in parking facilities and these stations provide convenience for those that choose to drive electric vehicles to campus.**

**University parking is priced at market rates and employee programs such as pre-tax parking deductions are encouraged. Those faculty, staff and students who drive to campus are encouraged to park in university garages by providing discounted daily parking (as compared to visitor parking or parking in adjacent commercial garages) and also by allowing for parking fees to be paid by payroll deduction (for regular parkers) or via funds deposited to the GWorld card. The University regularly schedules special events, including athletic events and entertainment events at times outside of the peak traffic hours.**

**GW also encourages students, faculty and staff to utilize car sharing to accommodate the occasional requirement for automobile transportation whether for university business or personal matters.**

Programs such as NuRide, Car2Go and ZipCar have been promoted through flyers and information provided at university fairs and events. Since 2007, the University has worked to promote GW affiliated ZipCar memberships and available vehicles on campus.

The University has continued to encourage bike use and currently provides space for approximately 770 bicycles through surface bike racks/loops and secure interior building racks throughout the Foggy Bottom Campus. Showers and changing areas are provided in buildings throughout campus. Furthermore, the University is encouraging bike sharing through Capital Bikeshare, which has recently installed several locations on and near the Foggy Bottom Campus. The University offers faculty and staff a discounted annual rate on Capital Bikeshare membership. Approximately 300 faculty and staff have signed up for the discounted program. In addition, with the implementation of the University's Climate Action Plan (CAP) in the spring of 2010, other initiatives are being explored in an effort to reduce single-occupancy-trips and reduce vehicle trips on Campus. For instance, in 2013 the University initiated a telecommuting program for GW staff and faculty.

The University currently utilizes technology to limit required trips between its campuses, including online library sources, use of the Bb@GW on-line course management system based on the Blackboard Learning Systems, videoconferencing for administrative meetings, teleconferences and other similar technologies. In cases where transportation between campuses is necessary, GW provides regular shuttle service between its Mount Vernon and Foggy Bottom campuses via The Vern Express as well as regular shuttle service to the Virginia Science & Technology Campus from Foggy Bottom to limit individual vehicle trips.

The University combined the responsibilities for transportation and parking initiatives to allow for a comprehensive approach to campus transportation matters. As such, coordination of all transportation activity on all three of GW's campuses (Foggy Bottom, Mount Vernon and Virginia) is managed through the department of Business and Auxiliary Services. Oversight of the Transportation Management Plan is the responsibility of this department.

In order to enhance access to information regarding transportation alternatives, a transportation factsheet link is posted online to provide information and campus transportation options (<http://transportation.gwu.edu/gw-carpool-incentive>). Other online information includes links to commuter connections (to encourage carpooling or public transit use), Metro pass sale information, and other sources of information. This resource is also at key locations on all GW campuses through resource center/kiosks.

Truck Management Plans are currently in place and will be updated as GW carries out new development on its campus.

For information evidencing GW's efforts in this area see Attachment I.

### Welcome to Off-Campus Student Affairs!

The Office of Off-Campus Student Affairs (OCSA) extends community building and learning beyond the campus of the George Washington University by providing resources, services and programs designed to assist and guide students in navigating the process of moving from residential living on campus to independent living in the surrounding community. Our office is committed to educating students on how to become active and responsible members of the

surrounding community.

**Be Aware.**  
**Be Responsible.**  
**Be A Good Neighbor.**

According to DC law it is illegal to make noise that is a nuisance. If you are a tenant in a building, you must be aware of your neighbors' quiet enjoyment. Loud talking or shouting, loud music or other activities that create noise after 10pm is prohibited.

## Tenant Responsibilities

State and local laws vary regarding the specific rights and responsibilities of tenants. However, there are some general responsibilities you assume when entering into a rental relationship. The following should be taken as general guidelines.

### Pay your rent

You have to pay your rent on time without the landlord having to remind you.

### Sign and keep a copy of the lease

When you sign a copy of the lease (rental agreement), make one copy of the lease for yourself. Even if your landlord does not give you a copy of the lease, you are agreeing to the terms of the lease by occupying the apartment or paying the rent. Whether or not you have a copy, you are bound by the terms of the lease that you signed.

### Follow the terms of the lease

You and the landlord must follow the terms of the lease. The only way you can be evicted before your lease is up is if you do not obey the terms of the lease.

### Write down what damages there are to the apartment when you move in

You are responsible for documenting and providing your landlord a written list or checklist, listing everything that is wrong with your apartment when you move in. When you move out, if there are damages to the apartment that were not listed during those first five (5) days, you will be held responsible. The landlord has the right to charge you for the damages.

### Agree to reasonable entry of your apartment by the landlord

If the landlord has a good reason, you must allow him or her to enter your apartment. Some good reasons are to:

- Inspect the property,
- Make repairs or decorate,
- Make alterations or improvements,
- Supply necessary or agreed services, or
- Show the apartment to prospective or actual purchasers, mortgagees, tenants, workmen, or contractors.

The landlord can enter the apartment without your consent in emergency situations. The landlord must not abuse the right of entrance or use it to harass you. The landlord can only enter at reasonable hours of the day, except in an emergency and the landlord must tell you before he plans to enter your apartment.

### Keep your apartment in good condition

You must:

- Keep the apartment as clean and safe as the conditions permit.
- Remove garbage, ashes, and waste in a clean and safe manner into the appropriate containers.
- Keep all plumbing fixtures in the apartment you use as clean as their condition permits.
- Notify the landlord of any repairs that need to be done to the apartment as soon as possible. The notice must be in writing and dated.
- Use all utilities and all electrical, plumbing, sanitary, heating, ventilation, air-conditioning, and other facilities and appliances including elevators on the property in a correct manner.
- Be responsible for your conduct and the conduct of other persons on the property whether known by you or not.
- Abide by all rules and regulations imposed by the landlord.

You must NOT:

- Deliberately or carelessly destroy, deface, damage, impair, or remove any of the property or permit any person to do so whether known by you or not.
- Remove or tamper with a properly working smoke detector.

### Give proper notice before moving

You have to give your landlord a written notice in advance of the time you move out. Your lease should state how much time is enough notice. Usually you must give the landlord written notice that you plan to move at least 30 days before the rent is due. If you have a week-to-week lease then you must give a 10-day notice.

### Provide correct information on your rental application

If you give false information on your application, the landlord has the right to end your lease.

### Safety

Most students living off-campus rent apartments or group houses and as a consequence, live in group-living situations somewhat similar to residence hall life on campus. As with residence hall living, two of the major concerns in off-campus housing are security breaches and life safety hazards. However, since off-campus residents are without GW University Police personnel and residence hall staff, they must bear greater responsibility for their own safety. If you are an off-campus resident, you must be much more aware of possible dangers than those who live on campus.

#### Personal Safety

safety. Just as in any city, residents of the District of Columbia should take precautions to ensure their safety in the District. Among other things, you should:

1. **Always carry a form of personal identification with you.** This is particularly important in Washington, DC because of the amount of federal and local security that is utilized in the District.
2. **Be wary of isolated spots**—laundry rooms, underground garages, parking lots, offices after business hours. Walk with a friend, co-worker, or security guard, particularly at night.
3. **Always keep jewelry and other valuables out of sight.**
4. **Keep a firm grip on your purse.** Use a purse with a secure clasp, and keep the purse close to your body with a hand on the clasp.
5. **Carry your wallet inside your coat or side pants pocket,** never in your rear pants pocket.
6. **Park your car in busy, lighted areas.**
7. **Always lock your car and take the key with you.** Consider using an anti-theft device for your car.
8. **Be aware of your surroundings when using the ATM machine.** Look around before conducting a transaction. If you see anyone or anything suspicious, cancel your transaction and go to another ATM. If you must use an ATM after hours, make sure it's well-lit.
9. **Wherever you are, stay alert and tuned in to your surroundings**—on the street, in an office building or shopping mall, driving, waiting for a bus or subway.
10. **Trust your instincts.** If something or someone makes you uneasy, avoid the person or leave.
11. **Know the neighborhoods where you live and work.** Check out the locations of police and fire stations, public telephones, hospitals, and restaurants, or stores that are open late.
12. **Never open your door to strangers.** Offer to make an emergency call while someone waits outside. Check the identification of sales or service people before letting them in. Don't be embarrassed to phone for verification.
13. **Know your neighbors,** so you have someone to call or go to if you're uncomfortable or frightened.
14. **If you come home and see a door or window open, or broken, don't go in.** Call the police from a cell phone.

[The GW Police Department](#)

Community Concern Hotline - 202-994-6110 (Foggy Bottom) OR 202-242-6110 (Mount Vernon)

(Press "0" for dispatcher)

The university is committed to being a good neighbor and working with members of the community to respond to complaints regarding student behavior both on-campus and off-campus. When a GW-related concern is reported by a member of the Foggy Bottom/West End and Mount Vernon communities, the university responds to the report taking into account factors such as the geographic location of the complaint/incident. GW's Police Department (GWPD) can exercise police power to respond to incidents that occur on property owned or leased by the institution and controlled or used by GW for institutional purposes. GWPD enlists the assistance of DC's Metropolitan Police (MPD) when a police response is required outside of GWPD's jurisdictional boundaries.

GWPD's policy for responding to complaints off-campus:

**GW Property:** If the concern involves GW Property, GWPD will respond to the concern and attempt to resolve the problem. If necessary, GWPD will use police authority to resolve incidents that occur on GW property.

**Condo buildings in the neighborhood:** GWPD dispatchers will document the concern and GW officials will follow-up with the building management, and MPD when deemed necessary.

**Street Noise:** If the concern involves noise/behavior on neighborhood streets, sidewalks or other public areas in the within the street noise response boundaries, GWPD will attempt to contact the reported offenders and make them aware of the concern. GWPD also maintains a policy of proactive engagement that calls for similar actions if such behavior is witnessed during patrols, regardless of a call to the Hotline. For police response beyond GWPD authority, MPD will be contacted.

In all cases where GW students are involved in an incident that violates the Code of Student Conduct, GWPD will take the names of the students and will forward this information to Student Judicial Services for action, as appropriate. All students, both on-campus and off-campus, must abide by the Code of Student Conduct. Our disciplinary system is progressive, meaning the consequences are proportional to the frequency and severity of the misbehavior. Based on the specifics of the case, the process may be accelerated. Most substantiated cases follow a process of: 1) warning letter, 2) meeting with GW officials and 3) formal judicial action.

For all reports received via the Community Concern Hotline:

1. GWPD will document its actions and forward a report to the appropriate campus departments (including the Office of Community Relations and the Office of Off Campus Student Affairs) for follow-up.
2. A university official will contact the community member regarding the complaint when contact information is provided. To ensure proper follow-up, it is very helpful for the neighbor to give his/her name and contact information.
3. University officials will investigate the concern and adjudicate as appropriate.

Other Resources Available to GW Neighbors:

GWPD also has a [Crime TIPS Hotline \(202-994-TIPS\)](#), which enables community members to communicate directly with Chief of University Police. The TIPS line gives people who have sensitive information a means of reporting that information directly to Chief Hay with a promise of confidentiality. It should not be used in an emergency or to report an incident that is actively occurring and requires a police response. These concerns should be placed directly to the GWPD dispatch center via the emergency line, 202-994-6111. The Tips Line should be used to report concerns of ongoing behavioral or criminal issues that do not require immediate police assistance.

## Educational Initiatives

The Office of Government and Community Relations along with the Office of Off-Campus Student Affairs is committed to educating students on how to become active and responsible members of the surrounding community. Together, we work to develop and enact educational initiatives for our students. Some of those initiatives include:

**Orientation** - an online program delivered through a timed portal that addresses "good neighbor" issues, educating students about appropriate conduct in the off-campus community. The program especially emphasizes objectionable noise both inside and outside of buildings, restricted parking in the Foggy Bottom/West End area, illegal underage drinking, and respect for personal and real property of the residential and private business communities.

**Welcome Bags** - reusable grocery bags filled with helpful information for neighbors and students alike in the historic district of Foggy Bottom. The bags include:

- Welcome letter from Foggy Bottom permanent residents (.pdf)
- University policies on trash, noise, parking, and snow
- Trash magnet
- Guide to Living Off-Campus
- Block Party invitation
- Discover GW brochure (.pdf)
- Business cards

**Guide to Living Off-Campus** - a comprehensive guide for students off all ages and class years living off-campus in the Washington metropolitan area. The guide addresses key matters for students moving into a new residential community as well as information on students rights and responsibilities in their new community.

### Notice

The following changes are effective August 1, 2016, to the Wiehle Express shuttle provided by Loudoun County Transit on weekdays from Wiehle-Reston East Metro Stop (Silver Line) to GW's VSTC Campus and other locations.

- There are two additional AM shuttles and three additional PM shuttles. The inclusion of these additional shuttles has resulted in adjustments throughout the schedule as shown here.
- While GW students, faculty, and staff ride continue to ride free with GWorld card, the visitor rate is reduced from \$2 to \$1.
- Shuttle stop location adjustments are not being made on GW's VSTC, but are occurring in the Ashburn North and One Loudoun portion of this shuttle as shown here.

For information about these changes or other aspects of the Wiehle Express, contact Loudoun County Transit 571-258-3464 or [rideshare@loudoun.gov](mailto:rideshare@loudoun.gov). GW Office of Transportation Services is committed to providing reliable, safe, transportation services that enhance the quality of life while promoting sustainability, accessibility and mobility from campus to campus for the GW community.

Please note that shuttles schedules are subject to change to accommodate the constantly changing needs of students, faculty, and staff. Please be advised, there may be circumstances, such as traffic, construction-related detours, weather, etc., which may delay the buses and negatively impact the schedule. For best planning we recommend arriving at the stop at least ten minutes early. During university observed holidays and breaks shuttles may run on alternative schedules.

## GW Carpool Incentive

Registered carpoolers with Parking and Transportation Services pay \$220 per month on the Foggy Bottom Campus and \$140 per month on the Mount Vernon Campus.

A **carpool** as an arrangement among a group of automobile owners by which each owner, in turn, drives the other to and from a designated place, in this case, work at GW. In order to receive GW's carpool incentive, two or more GW employees must be signed up for the program. Parking fees will be paid via payroll deduction and the fee will be divided equally amongst the registered carpoolers.

The university has partnered with NuRide, a flexible ride sharing program that encourages and rewards carpooling. The free program services employees at the Foggy Bottom, Mount Vernon, Virginia Campuses. You can sign up for one ride or recurring rides. Registered riders earn reward points for every carpool ride. Points can be redeemed for gift cards, discounts, and event tickets. To enroll go to NuRide - The Rewarding Way to Go.

The university's enrollment in NuRide and the creation of the discounted parking rate for carpoolers are components of an ongoing effort to promote "Sustainability" on our campuses. For more information on sustainability, at GW, please visit our Office of Sustainability.
