  Re: **Z.C. Case No. 06-11C/06-12C – Square 39 (SPHHS)**
     Post Hearing Submission

Dear Chairman Hood and Members of the Commission:

  At the close of the June 16, 2011 public hearing, the Commission asked the University to provide an update on the relocation of the GW Hospital's radiation oncology unit, which is currently located on Square 39, to a planned new location at 1250 23rd Street NW.

  Universal Health Services (UHS), GW's partner in the ownership and operation of the GW Hospital, has advised the University that it has terminated its plans to relocate the radiation oncology unit to 1250 23rd Street, NW in response to community concerns. UHS is in the process of identifying a new location that would allow for a matter of right use, and is considering various options including space in commercially-zoned buildings on K Street NW which already contain similar medical office uses. UHS expects to complete this process and relocate the unit in time to permit the construction of the SPHHS facility.

       Sincerely,

       Maureen Dwyer
