**NOTES:**  
1- Assumes that lots will be combined through development such that sites are comprised of a single lot or portion thereof.  
2- Sites 41A & 41B are both on Square 41, Lot 40. Information for Lot 40, as a whole, appears below.  
3- Reflects maximum FAR (8.0) plus 5% increase permitted with Zoning Commission authorization under DCMR Section 2405.3.  
4- Sites 79A & 103A each include one property not currently controlled by GW.  
5- Existing lot coverage exceeds 75%. Resulting lot coverage, therefore, will exceed general lot coverage guidelines.  
6- Calculations include existing conditions and proposed developments under the Foggy Bottom Campus Plan: 2006-2025, in all zoning categories. Does not include land area or development (GFA) for Square 54 or Site 80A, as these developments will be addressed under a separate zoning process. (Assumes 1957/1959 E Street development allocated as 65,000 GFA as R-CL-A and 145,815 GFA of A-A-M).
