Attachment C: Methodology Supporting Undergraduate Student Housing Numbers
Attachment D: Materials Evidencing GW’s Efforts related to Off-Campus Housing Opportunities
Attachment E: Materials Evidencing GW’s Efforts related to the 24/7 Hotline
Attachment F: Materials Evidencing GW’s Efforts related to the Good Neighbor Program
Attachment G: Detailed Information regarding Local Address Information
Attachment H: Detailed data regarding the number of off-street parking spaces per garage
Attachment I: Materials Evidencing GW’s Efforts related to Transportation Management
Condition C-4: Foggy Bottom Campus Student Population

Condition:

For the duration of this Plan, Foggy Bottom student headcount shall not exceed 20,000 students, and Foggy Bottom student full-time equivalent shall not exceed 16,553.

a. For the purposes of these Conditions,
   i. **"Foggy Bottom student headcount*** shall be defined as the number of GW students in the "Foggy Bottom/Mount Vernon Campus Total Student Body", minus: study abroad students, continuous enrollment students, students that reside at the Mount Vernon Campus, students that take all of their courses at the Mount Vernon Campus, and Foggy Bottom faculty and staff accounted for pursuant to Condition C-5 herein who are also enrolled in one or more courses at the Foggy Bottom campus. Notwithstanding the foregoing, students who reside in on-campus beds on the Foggy Bottom Campus shall each be counted toward the Foggy Bottom student headcount.

   Note that students taking all of their courses at the Corcoran are not specifically deducted from this number as they are not included in the "Foggy Bottom/Mount Vernon Campus Total Student Body" by virtue of their courses not being located on the Foggy Bottom or Mount Vernon campuses.¹

   ii. **"Foggy Bottom student full-time equivalent*** shall be determined by assigning a fraction to part-time students included in the Foggy Bottom student headcount number based on the number of credits they are taking compared to a full-time course load and adding the number of full-time students. Currently, the full-time course load for undergraduates is 12 credits, and the full-time course load for graduate and professional students is 9 credits. Formulas for determining full-time equivalents may change over the term of the proposed Foggy Bottom Campus Plan depending on program requirements or the restructuring of the academic calendar.

b. An audit of the Foggy Bottom student headcount and Foggy Bottom student full-time equivalent reported pursuant to Condition C-15 herein shall be conducted in a manner and by a firm previously approved by the Zoning Administrator and reported to the Advisory Committee. The audit shall be completed by January 10 of the year following each report submitted pursuant to Condition C-15 herein.

c. Compliance with this condition shall be based upon the data reported for the most recent semester in either the Foggy Bottom Campus Plan Compliance Report required in Condition C-15 or in the Interim Foggy Bottom Campus Plan Compliance Report required by Condition C-16.

For the methodology for calculation of Foggy Bottom campus student populations see Attachment A.

Note 1 – Language that is underscored represents text that was approved on May 4, 2017, Zoning Commission Case No. 06-11N

Note 2 – Data as of the GW census date, February 25, 2017.

Note 3 – Data as of the GW census date, October 7, 2017.
Condition C-5: Foggy Bottom Campus Faculty & Staff Population

Condition:

For the duration of this Plan, the Foggy Bottom faculty and staff population shall not exceed a total of 12,529 on a headcount basis, and 10,550 on a full-time equivalent basis.

a. For the purposes of these Conditions,
   i. “Foggy Bottom faculty and staff headcount” shall include: regular full-time faculty and staff; regular part-time faculty and staff; wage account staff that are not Foggy Bottom students accounted for pursuant to Condition C-4; temporary part-time faculty (excluding part-time clinical faculty who are not paid employees of the University); affiliated faculty employed by the Medical Faculty Associates; and visiting instructional and research faculty. For the purposes of these Conditions, Foggy Bottom faculty and staff shall not include faculty and staff whose primary office locations are not on the Foggy Bottom campus; employees of non-GW owned or controlled entities which are located on the Foggy Bottom campus; and contractors that provide ancillary campus-related service functions who are not employees of the University.
   ii. “Foggy Bottom faculty and staff full-time equivalent” shall be determined by assigning a fraction to part-time employees included in the Foggy Bottom faculty and staff headcount number based generally on the number of hours worked as compared to the standard full-time 40 hour work week.

b. Compliance with this condition shall be based upon the data reported for the most recent semester in either the Foggy Bottom Campus Plan Compliance Report required in Condition C-15 or in the Interim Foggy Bottom Campus Plan Compliance Report required by Condition C-16, whichever is the most current.

Notes:
Note 1 – Data as of the GW census date, February 25, 2017.
Note 2 – Data as of the GW census date, October 7, 2017.
Condition C-6 and Condition 15: On-Campus Undergraduate Student Housing

**Condition:**

For the duration of the Plan, the University shall make available on-campus beds for full-time Foggy Bottom undergraduate students equivalent to 70% of the full-time Foggy Bottom undergraduate student population up to an enrollment of 8,000, plus one bed per full-time Foggy Bottom undergraduate student over 8,000. Compliance with this condition shall be based upon the data reported for the most recent semester in either the Foggy Bottom Campus Plan Compliance Report required in Condition C-15 or in the Interim Foggy Bottom Campus Plan Compliance Report required by Condition C-16, whichever is the most current.

a. For the purposes of this Condition,
   i. “full-time Foggy Bottom undergraduate students” shall be defined as follows:
      A. Until the fall 2010 semester or until the completion and occupancy of the next University residence hall project proposed in accordance with the Foggy Bottom or Mount Vernon Campus Plans, whichever event first occurs, the term shall mean the number of students in the “Foggy Bottom/Mount Vernon Campus Total Student Body” minus graduate students, first professionals (JDs and MDs), undergraduates taking fewer than 12 credit hours at the Foggy Bottom campus, non-degree students, full-time undergraduate study abroad students, undergraduate continuous enrollment students, and full-time undergraduate students accounted for under the Mount Vernon Campus Plan Order (BZA Order No. 16505), which does not differentiate between resident and non-resident students.
      B. Once either of the above-described events occurs, the terms shall have the same meaning as above, except only full-time undergraduate students who reside on the Mount Vernon Campus plan will be subtracted from the “Foggy Bottom/Mount Vernon Campus Total Student Body.”
   
   ii. The term “on-campus beds” shall include beds available to full-time Foggy Bottom undergraduate students in any property in which the University has an ownership, leasehold, or contractual interest, or beds otherwise occupied by full-time Foggy Bottom undergraduate students in fraternities, sororities, or other programs recognized by or affiliated with the University and located within the campus plan boundary.

The University’s efforts with respect to this Condition shall be monitored by the Advisory Committee.

For the methodology supporting undergraduate student housing numbers see Attachment C.

**Notes:**

Note 1 – Data as of the GW census date, February 25, 2017.

Note 2 – Data as of the GW census date, October 7, 2017.

Note 3 – Based on the number of full-time Foggy Bottom Undergraduate Students, GW is required to make available 5,603 beds to full-time Foggy Bottom Undergraduates in Spring 2017 and **6,520 beds in Fall 2017**.

Note 4 – GW housed 11 part-time undergraduates in Foggy Bottom residence halls in Fall 2017. These students are not included in the full-time GW bed counts as they are taking less than 12 credits. These students are typically completing their last semester at GW, are exchange students, or students with medical or personal conditions that preclude full-time attendance during a given semester.

Note 5 – Of the university supplied off-campus beds within the Foggy Bottom/West End area, zero (0) beds were available to undergraduate students in Spring 2017 and Fall 2017. The remaining beds were made available to GW graduate students.

Note 6 – The Aston was made available for double occupancy in Fall of 2017 to accommodate graduate student preferences.
Evidence of Compliance with Condition C-8 (Off-Campus Housing Information Program)

**Condition:**

*The University shall maintain a program to provide its students who are eligible to live off-campus with information about housing opportunities outside the Foggy Bottom/West End Area. The University’s efforts with respect to this Condition shall be monitored by the Advisory Committee."

**GW Response:**

Information regarding housing opportunities both within and outside the Foggy Bottom/West End area is provided on the Off-Campus Student Affairs website, as well as through the Center for Student Engagement office located in the Marvin Center.

Apartment listings and other off campus housing opportunities may be found at [http://www.gwoffcampus.com](http://www.gwoffcampus.com).

The off-campus student affairs website can be found at: [http://www.offcampus.students.gwu.edu](http://www.offcampus.students.gwu.edu)

The current edition of the Guide to Living Off-Campus is also posted on this webpage.

For screen prints from the Off-Campus Student Affairs website see Attachment D.
Evidence of Compliance with Condition C-9 (Student Conduct Programs)

Condition:

The University shall use disciplinary interventions for acts of misconduct by students living off-campus in the Foggy Bottom/West End Area, even if the students are not in properties owned or controlled by the University. The University shall act on incident reports by residents, ANC 2A, community associations, building management, building association boards, University security officers, and the Metropolitan Police Department. The University shall maintain an outreach program with neighboring apartment buildings to education management companies and tenant associations on the University’s disciplinary program and its reporting requirements to facilitate effective use of its programs. The University’s efforts with respect to this Condition shall be monitored by the Advisory Committee.

GW Response:

All incident reports where students are identified are acted on through the Office of Student Rights & Responsibilities. Responses ranging from warning letters and conversations to judicial charges and hearings have been implemented. The University’s Code of Student Conduct treats off-campus violations with the same seriousness as on-campus violations (i.e., there is no lesser judicial charge for violations off-campus than on-campus). The Code of Student Conduct holds students to same level of accountability regarding charging and sanctioning regardless of their on or off-campus status.

GW representatives from the Office of Government & Community Relations regularly attend meetings of ANC 2A and community associations as requested. The University hosts “Building Managers Meetings” throughout the academic year in order to keep open the lines of communication between the University and properties where students reside.
Evidence of Compliance with Condition C-10 (24/7 Hotline)

Condition:

The University shall maintain and publicize (through appropriate written and/or electronic publications) a hotline available 24 hours per day, seven days per week to receive calls about student conduct issues and safety and security concerns. The University shall maintain a log of all calls received and all actions taken, including all referrals made. The University shall maintain its Crimes Tips Hotline (presently 994-TIPS), where calls can be made anonymously to a recorded “tip” line. Calls needing a more immediate response shall be directed to the University police (presently 994-6110) 24 hours per day, seven days per week. The University police will aid off-campus complainants in obtaining assistance from the Metropolitan Police Department. Reports of improper off-campus student conduct will also be referred to the appropriate University departments for their attention. This process shall be fully described on the University website, published catalogs, and student handbooks. The University’s efforts with respect to this Condition shall be monitored by the Advisory Committee.”

GW Response:

The 24 Hour Community Concern Hotline (202-994-6110) remains the best way for community members to bring GW-related concerns to our attention. The University is committed to being a good neighbor and working with members of the community to respond to complaints regarding student behavior both on-campus and off-campus. GW’s Police Department (“GWPD”) enlists the assistance of DC’s Metropolitan Police (“MPD”) when a police response is required outside of GWPD’s jurisdictional boundaries. For both on-campus and off-campus concerns, the University will follow up with the community member regarding the complaint when contact information is provided. The GW Community Concern Policy serves as a tool to address misconduct and quality of life issues. The Policy is posted online: https://police.gwu.edu/community-concern-policy

The Hotline is advertised and described online by visiting: http://neighborhood.gwu.edu/community-concern-hotline.

The University’s trash policy allows off-campus trash violations to be processed as violations to the Code of Student Conduct as defined by the Office of Student Rights & Responsibilities. Potential violations reported to the university are elevated by the Office of Government & Community Relations and regular walks are conducted by the Off Campus Student Affairs Office so student-residents are notified of their responsibilities within the community.

The Office of Government & Community Relations and the Office of Off-Campus Student Affairs upholds a Repetitive Concern Policy that outlines proactive outreach to landlords who own private property near the Foggy Bottom Campus that house GW students for which the University has received repeated complaints of misconduct from members of the community. The outreach letter is attached.

202-994-TIPS, monitored directly by the GW Chief of Police, is available for anonymous tips.

GW publishes an annual Community Concern Report, which can be found online at the Office of Off-Campus Student Affairs website (http://offcampus.students.gwu.edu/annual-reports) as well as the GW Neighborhood website (http://neighborhood.gwu.edu/community-concern-reports).

For screen prints from the Off-Campus Student Affairs website see Attachment D.

Attachment E provides screen prints from the Neighborhood.gwu.edu website.
Evidence of Compliance with Condition C-11 (Good Neighbor Program)

Condition:

The University will maintain a mandatory program for its students that will address “good neighbor” issues, educating students about appropriate conduct in the off-campus community. This program will especially emphasize objectionable noise both inside and outside of buildings, restricted parking in the Foggy Bottom/West End Area, illegal underage drinking, and respect for personal and real property of the residential and private business communities. The University’s efforts with respect to this Condition shall be monitored by the Advisory Committee.

GW Response:

Every student at GW is held accountable through the student judicial process as stated in the Code of Student Conduct, which addresses both on and off-campus behavior. Furthermore, all students who make the transition from on-campus to off-campus housing have copies of the GW Guide to Living Off-Campus and the Code of Student Conduct made available to them at the graduate student services fair, the off campus housing fair, or at graduate orientation. It is also accessible through a link on the Off Campus Student Affairs website: https://offcampus.students.gwu.edu/guide-living-campus. The Code of Student Conduct is attached.

The university has developed and launched a “Being a Good Neighbor” online orientation that has been delivered to undergraduate students who either live on or off-campus. This required orientation addresses issues that include, but are not limited to, objectionable noise, restricted parking in the Foggy Bottom/West End Area, illegal underage drinking, and respect for personal and real property of the residential and private business communities.

Each year the Office of Off-Campus Student Affairs (OCSA) works with GW and DC partners to host an Off-Campus Student Services Fair. The GW Police Department, Office of Student Rights & Responsibilities as well as Off-Campus Partners were some of the participants during the Spring 2017 OCSA Fair. Students attended the event and were provided with different types of information pertaining to living off campus, including how to be a good neighbor.

Furthermore, each fall the offices of Community Relations and OCSA co-author a “Good Neighbor” letter to students to remind students of the importance of being a good neighbor and to raise awareness of their behavior. This letter is posted in on-campus residence halls and emails targeted to specific events such as Halloween are distributed to off-campus students. See letter included in Attachment F.

The “Quiet Zone” initiative involves placing Quiet Zone signs near campus residence halls and reminding students throughout the year that they have a responsibility to be respectable members of the Foggy Bottom/West End community. Additionally, GW officials worked with the DC Department of Transportation to have official yellow and black “Quiet Zone” signs installed on street lamps poles in areas of heavy student pedestrian traffic.

The F-Street Commission was initiated as a forum to discuss concerns that affect the larger community around F Street. Discussions frequently include proactive plans for student behavior related to celebrations such as Halloween, noise issues related to student pedestrians along F Street, and any other potential disruptive behavior that could negatively affect the community. The Commission meets twice every semester, or on a more frequent basis as determined by commission members or the chair. The Commission consists of administrators from the Office of the Dean of Student Affairs, Residential Property Management, the Division of Operations, the F Street House, GWPD, the Office of Government and Community Relations, and OCSA. Student representatives are
invited from the Residence Hall Association, and Hall Councils from 1959 E Street, Mitchell, Thurston, Potomac, Building JJ, South Hall, Guthridge, and 2109 F Street.

In a proactive effort to reach out to our incoming students, GW has designed (with the help of local neighbors, students, faculty and staff) a good neighbor video to help raise the awareness of our students about the responsibilities of being a good neighbor. The video may be viewed on YouTube at the following web link: https://www.youtube.com/watch?v=F_Z4t2j3jFE

The University will update the content of these sessions and documents, regularly, to react to emerging issues related to good neighbor issues.

See Attachment F for materials evidencing GW’s efforts in this area.
Evidence of Compliance With Condition C-12 (Local Address Information)

Condition:

The University shall gather information about the local addresses of the full-time Foggy Bottom undergraduate population. The University shall compile and report the number of full-time Foggy Bottom undergraduate students residing in (1) Foggy Bottom/West End outside the campus boundaries; (2) the District of Columbia outside both the campus boundaries and the Foggy Bottom/West End Area, organized by postal codes; (3) Maryland; and (4) Virginia.

GW Response:

<table>

<td>159</td>
</tr>
<tr>
<td>Full-Time Foggy Bottom Undergraduates residing in Virginia</td>
<td>398</td>
</tr>
</tbody>
</table>

For detailed data regarding local address information see Attachment G.

Notes:
Note 1 – Data as of November 10, 2017.
Evidence of Compliance With Condition C-13 (Off-Street Parking Inventory)

**Condition:**

The University shall continue to provide at least 2,800 off-street parking spaces, including proposed spaces to be dedicated for university use on Square 54 and all University-owned parking spaces on Square 122 (specifically including the parking lot and garage spaces at Old Main located at 1922 F Street, NW). The number of off-street parking spaces required to be provided may be increased in any subsequent further processing order pursuant to this plan if necessary to mitigate the adverse impact of the approved uses on the University’s parking resources. The University shall monitor its utilization of University parking facilities to determine usage patterns and conduct an ongoing assessment of parking needs.

**GW Response:**

Number of University-provided off-street parking spaces located in areas covered under this condition: **3,098**

For detailed information regarding the number of off-campus parking spaces per garage see Attachment H.
Evidence of Compliance With Condition C-14 (Transportation Management Plan)

Condition:

The University shall maintain, and periodically update, its comprehensive Transportation Management Plan ("TMP") addressing traffic and parking associated with events on campus that are attended by a significant number of persons not normally associated with the University and the campus. The transportation management plan shall include the following:

a. Measures to schedule events at times that reduce conflicts with other traffic and other demands for parking.

b. Measures to discourage travel by private automobile and encourage travel by public transportation.

c. Measures to encourage persons who drive to park in commercial or University parking garages.

d. Designation of a Transportation Management Coordinator responsible for implementing and monitoring the TMP program.

e. Promotion of various technology initiatives (currently including, e.g., the use of video conferencing, podcasts, online library resources, the Bb@GW on-line course management system based on the Blackboard Learning System™, and administrative document management system) to reduce the need for physical movement to and between the Foggy Bottom and other GW campuses.

f. Evaluation of opportunities to provide access and links through appropriate website portals to allow members of the University community to purchase transit fare media, including SmarTrip fare cards and bus passes, online.

g. As necessary throughout the term of the Campus Plan, when existing parking facilities are being renovated or redeveloped, utilization of attendant parking at various campus parking facilities to ensure that campus parking demands are adequately met.

h. Implementation of a Truck Management Plan to avoid adverse impacts on the surrounding neighborhood.

These measures and their efficacy and appropriateness given changes in programs, technology, and parking demand shall be regularly reviewed, evaluated, and updated over the twenty-year term of the Campus Plan. The TMP shall be submitted to and reviewed by the Advisory Committee on an annual basis.

GW Response:

The University has had a transportation management plan in place on its Foggy Bottom Campus for a number of years. A variety of measures are used to limit transportation demand and eliminate adverse traffic and parking impacts.

Most importantly, the Campus is located adjacent to many public transit opportunities, including Metrorail, and the University encourages the use of public transit for employees and visitors alike. Since 2007 the University has participated in pre-tax Metro SmartBenefits. As a commitment to sustainability GW has installed electric car charging stations in parking facilities and these stations provide convenience for those that choose to drive electric vehicles to campus.

University populations are primarily encouraged to utilize public transportation. University parking is priced at market rates. Those faculty staff and students who drive to campus are encouraged to park in university garages by allowing for parking fees to be paid by payroll deduction (for regular parkers) or via funds deposited onto the GWorld card. The university regularly schedules special events, including athletic events and entertainment events at times outside of the peak traffic hours.

GW also encourages students, faculty and staff to utilize car sharing to accommodate the occasional requirement for automobile transportation whether for university business or personal matters. Programs such as NuRide and car sharing companies have been promoted through flyers and information provided at university fairs and events. Since 2007 the University has worked to promote car sharing memberships.
The University has continued to encourage bike use and currently provides space for approximately 770 bicycles through surface bike racks/loops and secure interior building racks throughout the Foggy Bottom Campus. Showers and changing areas are provided in buildings throughout campus. Furthermore, the University is encouraging bike sharing through Capital Bikeshare, which has recently installed several locations on and near the Foggy Bottom Campus. The University offers faculty and staff a discounted annual rate on Capital Bikeshare membership. Approximately 300 faculty and staff have signed up for the discounted program. In addition, with the implementation of the University’s Climate Action Plan (CAP) in the spring of 2010, other initiatives are being explored in an effort to reduce single-occupancy-trips and reduce vehicle trips on Campus. For instance, in 2013 the University initiated a telecommuting program for GW staff and faculty.

The University currently utilizes technology to limit required trips between its campuses, including online library sources, use of the Bb@GW on-line course management system based on the Blackboard Learning Systems, videoconferencing for administrative meetings, teleconferences and other similar technologies. In cases where transportation between campuses is necessary, GW provides regular shuttle service between its Mount Vernon and Foggy Bottom campuses via The Vern Express as well as regular shuttle service to the Virginia Science & Technology Campus from Foggy Bottom to limit individual vehicle trips.

The University combined the responsibilities for transportation and parking initiatives to allow for a comprehensive approach to campus transportation matters. As such, coordination of all transportation activity on all three of GW’s campuses (Foggy Bottom, Mount Vernon and Virginia) is managed through the department of Business and Auxiliary Services. Oversight of the Transportation Management Plan is the responsibility of this department.

In order to enhance access to information regarding transportation alternatives, a transportation factsheet link is posted online to provide information and campus transportation options (http://transportation.gwu.edu/gw-carpool-incentive). Other online information includes links to commuter connections (to encourage carpooling or public transit use), Metro pass sale information, and other sources of information. This resource is also at key locations on all GW campuses through resource center/kiosks.

Truck Management Plans are currently in place and will be updated as GW carries out new development on its campus.

For information evidencing GW’s efforts in this area see Attachment I.

</tbody>
</table>

**Foggy Bottom Student Full-Time Equivalent**

Determined by assigning a fraction to part-time students included in the Foggy Bottom student headcount number based on the number of credits they are taking compared to a full-time course load and adding the number of full time students. Currently, a full-time course load for undergraduates is 12 credits, and the full-time course load for graduate and professional students is 9 credits.

- **Spring 2017 Foggy Bottom Student Full Time Equivalent (FTE)** – 15,513
- **Fall 2017 Foggy Bottom Student Full Time Equivalent (FTE)** – 16,343

### Notes:

- **Note 1** - Data as of the GW census date, February 25, 2017.
- **Note 2** - Data as of the GW census date, October 7, 2017.
- **Note 3** – Per updated C-4 language approved by Zoning Commission Order No. 06-11N, C-4, Corcoran students who reside in on-campus beds on the Foggy Bottom Campus shall each be counted toward the Foggy Bottom student headcount. Note that students taking all of their courses at the Corcoran are not specifically deducted from this number as they are not included in the “Foggy Bottom/Mount Vernon Campus Total Student Body” by virtue of their courses not being located on the Foggy Bottom or Mount Vernon campuses.

Welcome to Off-Campus Student Affairs

Get Ready for Halloween: Don't be a fright to your neighbors!

Be a Good Neighbor During Thanksgiving Break

1. If you are walking through the neighborhood in a group, keep your companion close and don't leave them behind.
2. Be aware of your surroundings and what is going on in the streets.
3. Keep your front and backyard clean as well as the area surrounding your property. This will not only keep your neighborhood safe, but it also shows that you care.

Noise complaints can be reported to the Metropolitan Police Department or the university at any time of day. Reports submitted to the university will be investigated and addressed by the Office of Student Rights and Responsibilities. If you choose to celebrate the holiday by hosting a party or having guests over, please remember to be considerate of your neighbors. Be aware of your noise levels and try to keep them down. Noise complaints can be referred to the Metropolitan Police Department or the university at any time of day. Reports submitted to the university will be investigated and addressed by the Office of Student Rights and Responsibilities. If you choose to celebrate the holiday by hosting a party or having guests over, please remember to be considerate of your neighbors. Be aware of your noise levels and try to keep them down. Noise complaints can be referred to the Metropolitan Police Department or the university at any time of day. Reports submitted to the university will be investigated and addressed by the Office of Student Rights and Responsibilities.

Be A Good Neighbor Mandatory Training

One of the great benefits of attending The George Washington University is our location in the Foggy Bottom/Bellbox/Castor communities. Being a good neighbor involves being respectful of your neighbors and the community. Your actions have a direct impact on your neighbors. Your neighbors are likely going to be your community members for years to come and as such, they are your community. Your actions have a direct impact on your neighbors. Your neighbors are likely going to be your community members for years to come and as such, they are your community. Your actions have a direct impact on your neighbors. Your neighbors are likely going to be your community members for years to come and as such, they are your community. Your actions have a direct impact on your neighbors. Your neighbors are likely going to be your community members for years to come and as such, they are your community.

Online Orientation

The primary goal of the online training is to familiarize you with your responsibilities as a member of the Foggy Bottom/Bellbox/Castor communities. Being a good neighbor involves being respectful of your neighbors and the community. Your actions have a direct impact on your neighbors. Your neighbors are likely going to be your community members for years to come and as such, they are your community. Your actions have a direct impact on your neighbors. Your neighbors are likely going to be your community members for years to come and as such, they are your community. Your actions have a direct impact on your neighbors. Your neighbors are likely going to be your community members for years to come and as such, they are your community. Your actions have a direct impact on your neighbors. Your neighbors are likely going to be your community members for years to come and as such, they are your community.

To complete the online training, please follow the instructions below:

1. Please sign in to the training on the GW Student Affairs website.
2. If you are accessing the training on a personal computer, please use your personal email address.
3. If you are accessing the training on a personal computer, please use your personal email address.

- Apartment Checklist
- Off-Campus Housing Fair
Safety

Most students living off-campus rent apartments or group houses and as a consequence, live in group-living situations somewhat similar to residence hall life on campus. As with residence hall living, two of the major concerns in off-campus housing are security issues and the safety hazards. However, some off-campus residents are without GW University Police personnel and residence hall staff; they must bear greater responsibility for their own safety. If you are an off-campus resident, you must be much more aware of possible dangers than those who live on campus.

Personal Safety

Living in a city can offer residents numerous opportunities and resources, but also pose some challenges regarding personal safety. Just as in any city, residents of the District of Columbia should take precautions to ensure their safety in the District. Among other things, you should:

1. Always carry a form of personal identification with you. This is particularly important in Washington, DC because of the amount of federal and local security that is utilized in the District.
2. Be wary of isolated spots—laundry rooms, underground garages, parking lots, offices after business hours. Walk with a friend, canvasser, or security guard, particularly at night.
3. Always keep jewelry and other valuables out of sight.
4. Keep a firm grip on your purse. Use a purse with a secure strap, and keep the purse close to your body with a hand on the strap.
5. Carry your wallet inside your coat or side pants pocket, never in your rear pants pocket.
6. Park your car in a lighted area.
7. Always lock your car and take the key with you. Consider using an anti-theft device for your car.
8. Be aware of your surroundings—when using the ATM machine. Look around before conducting a transaction. (If you see anyone or anything suspicious, cancel your transaction and go to another ATM. If you must use an ATM after hours, make sure it’s well-lighted.)
9. Whenever you are, stay alert and be aware of your surroundings—in the street, in an office building or shopping mall, driving, waiting for a bus or subway.
10. Treat your headlocks if something or someone makes you uneasy, avoid the person or leave.
11. Know the neighborhoods where you live and work. Check out the locations of police and the stations, public telephones, hospitals, and restaurants, and stores that are open late.
12. Never open your door to strangers. Offer to make an emergency call while someone waits outside. Check the identification of sales or service people before letting them in. Don’t be embarrassed to phone for verification.
13. Know your neighbors, so you have someone to call or go to if you’re uncomfortable or frightened.
14. If you come home and see a door or window open, or broken, don’t go in. Call the police from a cell phone.
Tenant Responsibilities

State and local laws vary regarding the specific rights and responsibilities of tenants. However, there are some general responsibilities you assume when entering into a rental relationship. The following should be taken as general guidelines.

Pay your rent
You have to pay your rent on time without the landlord having to remind you.

Sign and keep a copy of the lease
You must get a copy of the lease (rental agreement) within one month of the date you move in. Even if your landlord does not give you a copy of the lease, you are still bound by the terms of the lease by signing the entrance or paying the rent. Whether or not you have a copy, you are bound by the terms of the lease that you signed.

Follow the terms of the lease
You and the landlord must follow the terms of the lease. The only way you can be evicted before your lease is up is if you do not keep the terms of the lease.

Write down what damages there are to the apartment when you move in
You are responsible for documenting and preparing your landlord’s written list or checklist, listing everything that is wrong with your apartment when you move in. When you move out, there are damages to the apartment that were not listed during your first five (5) days, you will be held responsible. The landlord has the right to charge you for the damages.

Agree to reasonable entry of your apartment by this landlord
If the landlord has a good reason, you must allow him or her to enter your apartment. Some good reasons may be:
- Inspect the property.
- Make repairs or improvements.
- Inspect the property.
- Make repairs or improvements.
- Notify the property.
- Rent the space.
- Notify the property.
- Rent the space.
- Notify the property.
- Rent the space.

Keep your apartment in good condition
You must:
- Keep building and housing areas neat and safe.
- Keep the apartment clean and safe as the conditions permit.
- Remove garbage, trash, and waste in a clean and safe manner into the appropriate containers.
- Keep all plumbing fixtures in the apartment you use as clean as their condition permits.
- Notify the landlord of any defects that need to be done in the apartment as soon as possible. The notice must be in writing and
- Be responsible for your conduct and the conduct of other persons on the property.
- Be responsible for your conduct and the conduct of other persons on the property.
- Be responsible for your conduct and the conduct of other persons on the property.
- Be responsible for your conduct and the conduct of other persons on the property.
- Be responsible for your conduct and the conduct of other persons on the property.
- Be responsible for your conduct and the conduct of other persons on the property.

Give proper notice before moving
You must give your landlord a written notice in advance of the time you move out. Your lease should state how much time is enough notice. Usually, you must give the landlord written notice that you plan to move at least 30 days before the end of the lease. If you have a lease to stay, then you must give 30 day notice.

Provide correct information on your rental application
If you give false information on your application, the landlord has the right to end your lease.

Check out this great resource about Renter’s Rights below:
Welcome to Off-Campus Student Affairs

The Office of Off-Campus Student Affairs (OCSA) extends community building and learning beyond the campus of the George Washington University by providing resources, services, and programs designed to assist and guide students in navigating the process of moving from residential living on campus to independent living in the surrounding community. Our office is committed to educating students on how to become active and responsible members in their surrounding communities.

EDUCATIONAL INITIATIVES

The Office of Government and Community Relations, along with the Office of Off-Campus Student Affairs, is committed to educating students on how to become active and responsible members of the surrounding community. Together, we work to develop and enact educational initiatives for our students. Some of these initiatives include:

Orientation - an online program delivered through a limited portal that addresses "good neighbor" issues, educating students about appropriate conduct in the off-campus community. The program especially emphasizes objectionable noise both inside and outside of buildings, restricted parking in the Foggy Bottom area, illegal underage drinking, and respect for personal and real property of the residential and private businesses.

Welcome bags - reusable grocery bags filled with useful information for neighbors and students living in the Foggy Bottom area. The bags include:

- Welcome letter from Foggy Bottom residents (.pdf)
- University polices on trash, noise, parking, and snow
- Trash magnet
- Guide to Living Off-Campus
- Block Party invitation
- Discover GW brochure (.pdf)
- Business cards

Guide to Living Off-Campus - a comprehensive guide for students of all ages and class years living off-campus in the Washington metropolitan area. The guide addresses key matters for students moving into a new residential community as well as information on students' rights and responsibilities in their new community.

 Orientations
- Being a Good Neighbor for Off-Campus Students

- Being a Good Neighbor for On-Campus Students
Dear Students,

One of the great benefits of attending The George Washington University is our location in the Foggy Bottom/West End and Foxhall communities. We enjoy numerous cultural activities as well as excellent shopping, restaurants, and entertainment opportunities.

The George Washington University is committed to being a good neighbor in our community. The GW University Police Department, the Office of Government and Community Relations, and the Office of Off-Campus Student Affairs work in partnership with students and neighbors to address concerns and make a stronger community for all of us.

As members of the GW, Foggy Bottom/West End and Foxhall communities, we all have a responsibility to be good citizens and good neighbors. It is important to be aware that your neighbors' lifestyles may differ from your own. Our neighborhoods are filled with working professionals, senior citizens, and families with young children. Students' lifestyles can be very different from the lifestyle of our neighbors. As you may be walking with a group of friends for a fun night out at 8:00 p.m. on Saturday, parents are putting their children to bed. When you return at 1:00 a.m. from enjoying a night on the town, families, senior citizens and working professionals are sound asleep. Throughout the year, it is important for us all to be courteous, respectful, and kind to everyone in our community.

To encourage respectful behavior, the Quiet Zone initiative for the Fall 2017 semester will be continued. We ask that all members of the GW community practice the following:

- When walking in a group, please keep conversations to a moderate level, particularly during late night hours.
- Pay special attention to residential buildings. DC laws prohibit shouting or making a disturbance at night. According to DC law, "It is unlawful for a person to make an unreasonably loud noise between 10:00 p.m. and 7:00 a.m. that is likely to annoy or disturb one or more other persons in their residences" (DC ST § 22-1321). More information can be found at http://dcp://dc.gov/law/enactments.
- Refrain from congregating outside of your on or off campus residence late at night or early in the morning.
- Keep your phone conversations to a reasonable volume.

It is important to note that noise complaints can be reported to the Metro Police Department or the university at any time of day. Reports submitted to the university will be investigated and addressed by the Office of Student Rights and Responsibilities. We encourage you to remember these tips, and use your own common sense in our neighborhoods. We ask that you be a good neighbor, and ensure your friends are as well by practicing the Quiet Zone guidelines listed above.

Sincerely,

Bridgette Poland

TRANSPORTATION & PARKING SERVICES

About
The George Washington University Transportation & Parking Services (TPS) Department, as part of the Division of Operations, is responsible for managing the day-to-day parking operations at The George Washington University’s Foggy Bottom, Mount Vernon, and Virginia Science and Technology campuses along with transportation services which provide access to our three main campuses. TPS is dedicated to providing the highest quality facilities and services for the campus community and its visitors while keeping in line with the university’s overall mission and goals.

Fall Semester Permits on Sale
Effective, Wednesday August 9th parking permits for the fall semester are available for purchase through our online portal.

Reminder: Shenkman and South Hills require a puck/transponder in order to access those garages. Students will need to pick it up from the GW world office before the car can be parked. A $50 refundable deposit is required to receive the transponder. The $50 is returned when the puck/transponder is returned at the end of the semester or academic year.

Shuttle Location App

WHERE IS THE VERN EXPRESS?
DOWNLOAD THE TRANSLOC APP TODAY!

TransLoc Rider App (Android/iPhone) is available for riders of the Vern Express and VSTC Shuttles rides.

The following features will assist riders better navigate our transportation services:

- Next two departure times for each shuttle stop
- "Notify Me" function allows riders to set push notifications when a shuttle is arriving at a GW shuttle stop.
- Can see where shuttles are on route

A web portal is also available for those who do not want to download the app. The transit maps are also accessible via the GWMobile App (Android/iPhone).

Electric Vehicle Charging Stations
GW has installed an electric vehicle charging stations in the Academic Center, Law Learning Center and Science and Engineering Hall Parking Garages. Learn more about the ChargePoint Network or email sustinance@gwu.edu if you have questions about the on-campus stations.
Our Mission

The George Washington University Transportation & Parking Services (TAPS) Department, as part of the Division of Campus Life, is responsible for managing the day to day parking operations at The George Washington University (PGW, Foggy Bottom, Mount Vernon, and Virginia Science and Technology Campus) along with transportation services which provide access to our three main campuses. TAPS is dedicated to providing the highest quality facilities and services for the campus community and our visitors while remaining in line with the university’s overall mission and goals.

Core Values

- Drive for the highest level of customer service satisfaction
- Provide the highest level of service integrity through proper fiscal and audit procedures
- Monitor reserves with receiving, controllable expenses
- Be a leader in which other parking operations and transportation systems can be benchmarked
- Utilize technology to enhance the customer service experience
- Provide safe and secure parking facilities and transportation services for all customers
- Drive, offer and maintain a customer feedback and resolution system that provides timely, reasonable responses to customer concerns and suggestions
Transportation Services

The Office of Transportation Services is committed to providing reliable and safe transportation services that enhance the quality of life while promoting sustainability, accessibility and safety throughout campus to connect the 20,000 residents.

Please note that shuttle schedules are subject to change to accommodate the constantly changing needs of students, faculty, and staff. Please be advised that there may be circumstances, such as traffic, construction, weather-related delays, etc., which may delay the hours and negatively impact the schedule. For that reason, we encourage passengers to arrive at least 15 minutes early. Delays resulting from abnormal traffic and technical failures may run on alternate schedules.

GW Carpool Incentive

Registered carpools with Parking and Transportation Services pay $200 per month on the Foggy Bottom Campus and $140 per month on the Mount Vernon Campus.

A carpool as an arrangement among a group of automobile owners by which each owner, in turn, drives the other to and from a designated place, in this case, work at GW. In order receive GW’s carpool incentive, two or more GW employees must be signed up for the program. Parking fees will be paid via payroll deduction and the fee will be divided equally amongst the registered carpools.

The university has partnered with NulRide, a flexible ride sharing program that encourages and rewards carpooling. The free program services employees at the Foggy Bottom, Mount Vernon, Virginia campuses. You can sign up for one ride or recurring rides. Registered riders earn reward points for every carpool ride. Points can be redeemed for gift cards, discounts, and event tickets. To enroll go to NulRide - The Rewarding Way to Go.

The university’s enrollment in NulRide and the creation of the discounted parking rate for carpools are components of an ongoing effort to promote “sustainability” on our campuses. For more information on sustainability, at GW, please visit our Office of Sustainability.
