Note: The 2007 Foggy Bottom Campus Plan commits GW to achieving the equivalency of 16 points, using USGBC's LEED V2.2 Scorecard as an evaluator of the sustainable quotient of a project. This scorecard reflects GW’s anticipated goal of submitting this project to GBCI under LEED-NC 2009 with a target of Silver level certification.
NOTES:
1. See architectural drawings for building interiors.
2. Streetscape details are shown in concept for illustrative purposes. The final streetscape details will conform to the Foggy Bottom Campus Streetscape Guidelines as well as other applicable design and permitting standards.
3. Unless noted as existing, all labeled elements are proposed.
NOTES:

1. Plant species selections identified on this plan are shown to illustrate design intent only. The purpose is to generally define plant size, character, and locations. Refinements to the planting design and final selection of all plant materials consistent with the species shown shall be developed during detailed design phases of work.

2. Unless noted as existing, all labeled elements are proposed.
NOTE:

Street furnishing details are shown in concept for illustrative purposes. The final street furnishing details will conform to the Foggy Bottom Campus Streetscape Guidelines as well as other applicable design and permitting standards.

STATEMENT BY PERSON RESPONSIBLE FOR MAINTENANCE

The undersigned agrees to maintain and operate the drainage facilities in such a manner as to comply with the provisions of Section 4 through 5 of Ordinance 4-99. The undersigned further agrees that the facility has been designed, constructed, and operated in compliance with the Stormwater Management Plan. The undersigned agrees to provide annual reports to the District Department of the Environment.

DATE

STATEMENT BY PROFESSIONAL ENGINEER REGISTERED IN THE DISTRICT OF COLUMBIA

This is to certify that the undersigned engineer of the drainage system has been designed and constructed in accordance with the approved plans and specifications. The undersigned engineer of the drainage system has been designed and constructed in accordance with the approved plans and specifications.

DATE

AS-BUILT CERTIFICATION BY PROFESSIONAL ENGINEER

Within 30 days after completion of construction of the Stormwater Drainage Facilites, three copies of this page to be mailed to the District Department of the Environment.

1. Stormwater Drainage Facility Information:
